

Greetings brother Willie,

This is a brief report of the Baptism event. 43 people got their water baptism and it is all from one local church. Pastor Stanley Kon is the senior pastor who did more of the physical development which Tom Obal and others have witnessed the blessed program. Here is his photo taken for Pastor Stanley. He has shown a model to other pastors and local churches to grow in the Lord. More than 12 pigs were killed, giving praise to the name of God.
