

How to make an MCC kit bag

Overlock Stitch/Serge Instructions

Finished Size: 11" x 16"

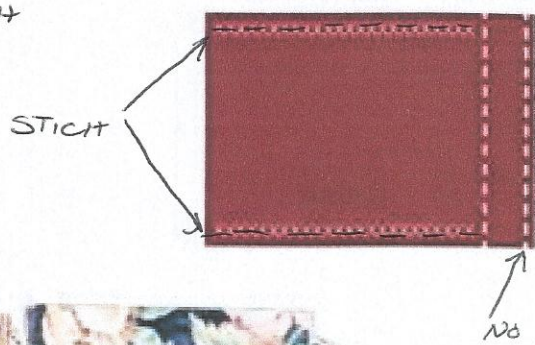

- Cut fabric: 12"x36"
- Serge 12" end of fabric and 36" on each side.

- Fold down 1 1/2" at each end and stitch with a STRAIGHT STITCH MACHINE to form a casing for the drawstrings.

Stitch close to folded end, as well as the bottom of the casing through the serged edge.

- Fold bag in half with the RIGHT sides of the material together, and SEW on the outside from the casing seam to the fold.

- Cut two 38" drawstrings. Pull one string through the casing the whole way around and knot the 2 ends together. Repeat with the other string starting at the opposite side.
